# General Regulations

## Regulations Adopted by FWP Commission

- These regulations are adopted under the authority granted to the Fish, Wildlife & Parks Commission (FWPC) in section 87-1-301, MCA and are valid March 1, 2006 through February 28, 2007. These tentative regulations were adopted by the FWPC on December 8, 2005. The FWPC reserves the authority to amend the seasons, limits and regulations herein if deemed necessary for wildlife management purposes. M. Jeff Hagener, Director.
- State and Federal laws, Title VI of Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972, prohibit discrimination on the basis of race, color, sex, age, religion, national origin, or disability. Anyone believing he or she has been discriminated against (as described above) in any Fish, Wildlife & Parks (FWP) program, activity, or facility may write to FWP Personnel Office, 1420 East Sixth Avenue, PO Box 200701, Helena, MT 59620-0701 or the office of Equal Opportunity, U.S. Department of the Interior, Washington, D.C. 20240.

## Mailing Lists

FWP regularly receives requests for mailing lists. To better protect your privacy, when you purchase a conservation license you'll be asked if you want your name and address included on mailing lists that FWP will compile for vendors, businesses and others who seek this information.

While FWP will not include your name and address if you so request, it is important for you to know that Montana law requires FWP to allow public access to department records. As a result, vendors, businesses and others who wish to compile their own mailing lists may do so.

Your privacy is important to FWP and the State of Montana. To further protect your privacy, FWP will not allow access to your Social Security number, ALS number, phone number, age, date of birth, employer, height, weight, eye and hair color.

## Licensing

The following licenses are available at FWP offices, website and license providers:

	Resident	Nonresident
Conservation License (Prerequisite) .....	\$ 8.00 .....	\$ 10.00
Black Bear License .....	\$ 15.00 .....	\$350.00
Hunting Access Enhancement Fee* .....	\$ 2.00 .....	\$ 10.00

\*This is an annual fee and will be charged at the time the hunter purchases his/her first hunting license (including upland and migratory bird).

- A hunter may purchase only one black bear license per year.
- A spring season black bear license must be purchased no later than April 14. Licenses purchased after April 14 are valid only in the fall season.
- A spring season black bear license must be validated for hunting the entire state except BMU's 103, 106 and 107 OR for hunting only in BMU's 103, 106 and 107.
- A fall season black bear license must be purchased by August 31.
- A resident or nonresident youth who is 12 years of age, or who turns 12 years old before or during the season for which the license is issued, is entitled to purchase a black bear license prior to turning 12 years of age. Proof of hunter education must be presented at the time of purchase.

## Black Bear Identification Test — Certificate Required

A hunter must take and pass a "black bear identification test" before purchasing a black bear hunting license. When purchasing a black bear license, including the sportsman's license which includes a black bear license, a hunter must present a certificate of completion issued by FWP to the license provider.

## Hunter Education for Firearm and Archery

- If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course (or an approved hunter safety course from any other state or province) prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.
- Montana law requires members of the armed forces and their dependents stationed in Montana to present a Montana hunter education certificate or similar certificate from any state or province when purchasing any Montana hunting license.

## State School Trust Lands Recreational Use License

- The \$10 fee of the past has been replaced by a \$2 addition to the conservation license, which allows hunters, anglers and trappers access to all legally accessible state school trust lands. Trappers will still need to secure a "Special State Lands Recreational Use License" from DNRC at no additional charge.

- Other recreational activities such as hiking and bird watching still require the \$10 fee. These activities cannot, by Federal statute, be covered by the conservation license.
- A pamphlet which provides information regarding the rules, regulations and restrictions governing these activities on state school trust land is available from FWP offices, FWP license providers and the Department of Natural Resources and Conservation, 1625 11th Avenue, Helena MT 59620 (406) 444-2074.

## Regulations

- Hunter orange is required for all bear hunters. Any person hunting or accompanying hunters as an outfitter or guide must wear a minimum of 400 square inches of hunter orange (fluorescent material) above the waist, visible at all times.
- All Bear Management Units (BMUs) listed shall be open to hunting of black bear of either sex.
- A hunter may legally take one black bear per license year.
- It is illegal to harvest/take black bear cubs. Cubs are defined as bears less than one year old. It is illegal to harvest/take female black bears with young.
- Carcass/Hide Tag Clarification: Successful black bear hunters are required to immediately validate the hide tag and attach it to the hide. After the hide is removed from the carcass, the carcass tag must be separated from the hide tag and attached to the carcass. See Mandatory Reporting Requirement on page 3.
- Evidence of sex must remain naturally attached to the hide. The following are considered lawful evidence of sex: males: testicles or baculum; females: vulva.
- As a condition of hunting in Montana, you may be required to return to the kill site if requested to do so by an FWP employee.
- It is illegal to bait bears or to hunt bears with dogs. No scents may be used to attract black bears.
- It is illegal to sell or purchase any part of a black bear except as allowed by the laws of Montana.
- The sale or purchase of hides, heads or mounts of lawfully killed black bear is legal.
- The penalty for the illegal sale may be a fine up to \$50,000 and/or imprisonment in the state prison for a term of five years.
- All Wildlife Management Areas, unless otherwise posted, with big game winter range in administrative regions 1, 2, 3, 4 and 5 are closed to public entry from the day following the end of general deer/elk/bear season, or December 1, whichever is later, to May 15 each year. EXCEPTION: Blackfoot-Clearwater WMA closes November 10; Kootenai Falls WMA is open year round; Porcupine (Gallatin), Dome Mtn., Bear Creek and Wall Creek WMAs open May 1.
- All National Wildlife Refuges are closed to black bear hunting.
- Hunters or a person in possession of a game animal or game animal parts are prohibited from wasting or rendering unfit for human consumption, any part of a game animal, game bird, or game fish that is "defined as suitable for food." For big game animals excluding mountain lions, all of the four quarters above the hock, including loin and backstrap are considered suitable for food. A person harvesting a black bear or mountain lion is prohibited from abandoning the head or hide in the field.
- Definition of parts of a black bear that are considered suitable for food: All four quarters above the hock, including loin and backstraps.
- Hunters are prohibited from wasting black bear meat unless the meat is determined to contain trichinella. No replacement license will be issued for black bear which are determined to contain trichinella (ARM12.3.404).
- Trichinella Testing - This testing is optional and free-of-charge. Send one-third of the tongue or equal size muscle tissue to: FWP Wildlife Research Lab, Box 173220, Bozeman, MT 59717-3220. A mail-in kit may be requested from any FWP regional or area office.
- It is illegal for anyone to hunt or attempt to hunt any game animal or game bird:
  - from any self propelled (that is, motorized) or drawn vehicle;
  - on, from, or across any public highway or the shoulder, berm, or barrow pit right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel, MCA 61-1-202) in the state of Montana; or
  - by the aid or with the use of any set gun, jacklight, spotlight or other artificial light, trap, snare, salt lick, or bait. (MCA 87-3-101) (Baiting shall mean the placing, exposing, depositing, distributing, or scattering of corn, wheat, or other grain or food sources so as to constitute a lure or attraction.)
- Hunters may not use a motorized vehicle or aircraft to concentrate, drive, rally, stir-up, corral or harass wildlife except predators.
- Hunters may in some instances drive off established roads and trails to retrieve game. In all cases, when on private lands, hunters must first obtain permission from the landowner. In the case of public lands, the policy or law varies. BLM public lands allow motorized travel on roads and trails unless designated closed. On National Forest lands,

## General Regulations

restrictions to motorized travel are described on Travel Plan maps available at local U. S. Forest Service offices. On National Wildlife Refuges, all off-road travel is prohibited. For further information, contact the appropriate land management agencies.

- In order to carry or use a firearm for any reason, a youth 12 but not older than 13 years of age must be accompanied by a person having charge or custody of the child, or be under the supervision of a qualified firearms safety instructor or an adult 18 years of age or older who has been authorized by the youth's parent or guardian.
- Hunters may possess, transport, sell or purchase naturally shed antlers or the antlers with a skull or portion of a skull attached from a game animal that has died from natural causes and that has not been illegally or accidentally killed. Roadkilled animals have not died from natural causes, and the carcass or parts of protected or regulated species may not be salvaged or possessed. It is illegal to possess a sheep head picked up in the wild.
- Party hunting is not legal in Montana; each hunter must shoot his/her own animal.
- Hunters are prohibited from loaning or transferring their license to another person or using a license issued to another person.
- Transporting Big Game: If you are transporting wildlife and/or fish (including live animals, sport-taken game, parts and/or products) between Montana and Canada OR between the US and any foreign country, whether for commercial or non-commercial purposes, you must complete a US Fish & Wildlife Service (USFWS) Declaration form (Form 3-177). Form 3-177 is also available at all US Custom Ports and on the USFWS web site at [www.fws.gov](http://www.fws.gov). Additional federal permits may also be needed to import/export wildlife, depending on the species. For further information contact the USFWS Wildlife Inspector at 406-453-5790 or FAX 406-653-3657.
- Montana is a member of the Interstate Wildlife Violator Compact. Under the compact, member states recognize suspensions of hunting, fishing or trapping privileges. It is illegal for a violator whose privilege to hunt, fish or trap is suspended to obtain or attempt to obtain a license, tag or permit in a member state. For more information, call 406-444-2452.
- A US Convention on International Trade in Endangered Species (CITES) export permit is needed to export bear parts and/or products from the US.

**Hunting Hours:** Authorized hunting hours for the taking of big game animals begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. Complete sunrise/sunset tables as adopted by the Fish, Wildlife & Parks Commission are available at all FWP offices, website, and most license providers.

**Private Land Access:** Montana law requires permission for all hunting on private land. Even if the land is not posted, hunters must have permission from the landowner, lessee, or their agent before hunting on private property. Landowners may grant permission face-to-face, over the phone, in writing, or by posting signs that explain the type of hunting allowed—game species or sex—and under what conditions. Visit FWP's website for the 2006 Interactive Hunt Planner or visit <http://dis.doa.state.mt.us> for assistance with land ownership.

**Railroad Access:** Railroads and railroad right-of-ways are private property and may not be hunted without permission, nor should they be used as access to other lands (private or public) without explicit permission from the railroad. Consult the individual railroad for details.

**Tribal Land:** Only tribal members are allowed to hunt big game on Indian Reservations, unless otherwise provided for by agreements between the State of Montana and Tribal Government. For questions contact the respective Tribal Government office.

**Airplane Spotting:** Aircraft may not be used to locate big game animals for the purpose of: 1) hunting those animals within the same hunting day after a person has been airborne; or 2) providing information to another person for the purpose of hunting those animals within the same hunting day after being airborne. A hunting day is defined as between the earliest and latest legal hunting hours.

**Recorded Animal Sounds:** It is unlawful to use any recorded or electrically amplified bird or animal calls or sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking killing or capturing of any wildlife except predatory animals (MCA 87-3-108).

**Two-way Communication:** Two-way communication may not be used to:

- hunt game animals or upland birds, migratory birds or furbearers as defined in MCA 87-2-101 (8) ("Hunt" means to "pursue, shoot, wound, kill, chase, lure, possess or capture."), or
- avoid game checking stations, FWP enforcement personnel, or to facilitate illegal activity.

When hunting mountain lions or bobcats with dogs, this rule applies when hounds are placed on tracks in a district open to lion or bobcat harvest. The rule does not prohibit the possession or use of two-way communication for safety or other legitimate purposes, nor does it prohibit the use of radio tracking equipment to locate hounds when hunting mountain lions or bobcats.

**Motion-tracking Devices:** It is illegal for a person to possess, while hunting, any electronic motion-tracking device that is designed to track the motion of animals and relay information on the animal's movement to the hunter. This includes, but is not limited to: remote operated camera or video devices; seismic devices; electronic trip wires, photo beam, or laser devices used to activate tracking or recording devices; thermal imaging devices; and satellite and radio-telemetry tracking devices. A radio-tracking collar attached to a dog when hunting mountain lion and/or bobcat is not considered a motion-tracking device or mechanism for the purposes of this regulation.

**Night Vision Equipment:** It is illegal to use night vision equipment or electronically enhanced light gathering optics for locating or hunting game.

**Enforcement of Area Closures on Public Land:** All federally approved travel plans on public lands in Montana are hereby adopted by the Fish, Wildlife & Parks Commission. Motorized travel in restricted areas in violation of any current travel plan or land use plan is prohibited during the hunting season.

### MANDATORY REPORTING REQUIREMENTS

- Within five (5) days of harvesting a black bear (or within five days of arriving at a trailhead in backcountry areas) the successful hunter must present to a Montana FWP official the complete bear hide (with proof of sex remaining naturally attached) and skull for the purpose of inspection, tagging and removal of a tooth (for aging). The FWP hide tag affixed during inspection must thereafter remain attached to the hide until tanned. See page 8 for FWP contact information.
- See special requirement for black bear hunting in Bear Management Units (BMUs) 510, 520 & 700.

### Be Bear Aware!

Hunters must be able to tell the difference between a grizzly and a black bear because grizzly bears cannot be legally hunted in Montana.

- Learn how to identify bears.
- Be absolutely sure of your target.
- If in doubt, don't shoot.

### Look for a combination of characteristics
